

For next generation researchers

FUTURE SKILLS

Date September 22, 2026 Time 13:00 – 18:00 Venue BMC & Biocenter, Martinsried

Break Out Sessions

Agentic AI for Scientific Research

AI in Daily Research – Sharing
What Works (and What Doesn't)

Transferable Skills – Recognizing
Their Value for Your Career

Making Impact Visible:
Exploring Change, Contribution
and Development

Taking the Leap
into Entrepreneurship -
Learning from Founders

Keynote Lectures

**Scientific Entrepreneurship:
The Lasting Transfer of Technology**
**Prof. Dr. Ralf Huss, Innovation and
Start-up Center for Biotechnology IZB**

**“Why’s”, “How’s” and “Where’s”
of a Scientific Journey**
**Prof. Dr. Maria-Elena Torres-Padilla,
Helmholtz Munich**

Crafting the PhD
Dr. Isolde von Bülow, GraduateCenter^{LMU}

Human-AI Collaboration
Prof. Dr. Frauke Kreuter, LMU Munich

For program details and registration see www.lifescience-munich.de

Organizers: GraduateCenter^{LMU} · Graduate School of Systemic Neurosciences ^{GSN} · Graduate School Life Science Munich ^{LSM} · Graduate School of Quantitative and Molecular Biosciences Munich ^{QMB} · Center for NanoScience ^{CeNS} · Compartmentalized Cellular Networks in Neurovascular Diseases ^{IRTG-CRC 1744} · Environmental Health and Lung Research School · EpiCrossBorder · International Helmholtz-Edinburgh Research School for Epigenetics · International Max Planck Research School-Molecules of Life ^{IMPRS-ML} · Life Science Graduate Network · Medical Research in Epidemiology & Public Health ^{IBE} · Molecular Evolution in Prebiotic Environments ^{IRTG-TRR 392} · Munich Cluster for Systems Neurology ^{SyNergy} · Cluster for Nucleic Acid Sciences and Technologies ^{NUCLEATE} · Neutrophils: Origin, Fate & Function ^{IRTG-TRR 332} · PILOT · Perinatal Development of Immune Cell Topology ^{IRTG-TRR 359} · Targets in Toxicology ^{DFG-RTG 2338} · Promotionsprogramm Klinische Pharmazie · Cardiovascular Physiology and Pathophysiology
