

MD Fellowship Opportunities in Our CRC

Calling for Outstanding MD Candidates

As part of our long-term goal to strengthen the clinician scientist pipeline, our CRC is launching a fellowship program to support highly motivated medical students pursuing their MD thesis within a CRC laboratory.

IRTG-BrainVasc

Integrated Research Training Group
on Neurovascular Disease
CRC 1744

Fellowship Highlights

- Extension of the existing LMU Medical Faculty fellowship from 8 months to 12 months
- Enables students to spend up to one year full-time in a CRC laboratory
- 4-6 fellowships awarded annually
- Additional funding of €934 per month for 4 months

Eligibility & Selection

- Be an official member of the IRTG-BrainVasc
- Demonstrate a proven track record of participation in IRTG-BrainVasc activities
- Submit a motivation letter
- Confirmation of the existing fellowship provided by the LMU Medical Faculty.

Help us identify and recruit the next generation of clinician scientists!
