10.07.2026

LMU Klinikum Großhadern · Hörsaal III

HT\_2026\_015

Dear Colleagues,

We are pleased to invite you to the X-Change Meeting on Lung Cancer, taking place on 10 July 2026 at Großhadern Campus of the LMU Hospital.

This one-day scientific meeting will bring together leading experts from across Europe to discuss current and emerging concepts in lung cancer screening, diagnostics, biology, and multidisciplinary treatment strategies.

The program will include:

- Lung cancer screening and early detection
- Artificial intelligence and radiomics in thoracic imaging
- Advances in NSCLC biology and staging
- Multidisciplinary Oxford-style debates on early-stage and locally advanced NSCLC
- Oligometastatic disease and combined treatment strategies
- Radiotherapy-immunotherapy combinations and biomarker-driven clinical trials

The meeting will feature interactive discussions, case-based debates, and ample opportunity for exchange during coffee breaks and the industrial exhibition. A Bavarian lunch will be provided.

We would be delighted if you could join us for this stimulating exchange of ideas and expertise.

Please feel free to share this invitation with interested colleagues. We would kindly ask to register via <https://www.umfragen-am-klinikum.de/index.php/489249?newtest=Y&lang=de> until 1st of July.

With kind regards,

*Prof. Claus Belka*
